

## **About the Faculty of Medicine, The Chinese University of Hong Kong (CU Medicine)**

Since its establishment in 1981, CU Medicine has been a world-renowned medical school in education, research and clinical care. As a young medical school, the Faculty was ranked 1<sup>st</sup> in Hong Kong, 2<sup>nd</sup> in Asia and 28<sup>nd</sup> globally in the QS World University Rankings by Subject 2024; as well as 14<sup>th</sup> globally and the only medical school in Asia among the Top 50 in ShanghaiRanking's the 2024 Global Ranking of Academic Subjects (GRAS).

We have a team of over 400 full-time academics from 19 departments/schools, covering the entire range of research and clinical disciplines. We encourage collaborative working between scientists and clinicians across disciplines and specialties, and remain at the forefront of the translational medicine revolution. Our Faculty members excel in tackling challenging global health issues, making a memorable impact on patients' lives and the wider society.

CU Medicine has won an internationally renowned research reputation for its friendly and supportive environment for the effective pursuit of world-class research as well as remarkable contributions from team members.
